Notes: Names are listed in the order they were drafted on Jan. 2, 2008. An asterisk (*) indicates a keeper pick from the 2007 Death Pool and were selected before the draft. Hear the 2008 draft with this link: <http://www.coreyandjoelradio.com/Podcasts/coreyandjoelshow154.mp3>

The number in parentheses is the number of points the player will receive if the person dies on or after his or her birthday in 2008. This number the persons age subtracted from 100. For example, Dick Clark turns 79 in 2008. If he dies on or after his birthday, Corey receives 21 points (100-79 = 21). If he were to die before his birthday, he would be only 78 at his death and Corey would receive an extra point (100-78 = 22).
